HAMMAM EXPERIENCE

Enter the private warming Hammam room and sink into a 200-year-old authentic Cherrywood Hammam table to begin your journey. While you immerse yourself in a relaxing cleanse, delight in a brisk herbal black soap and scrub blend specifically formulated to detoxify and renew the body and the spirit. The scrub is applied with an exfoliation mitt and will activate your lymphatic system and improve blood flow, maximizing the effects of this ritual. After your scrub, your therapist will instruct you on the traditional Hammam ritual self-guided journey through our steam, whirlpool, and cold deluge, concluding the circuit in our soothing aromatherapy Hammam room featuring beautifully iridescent heated seats contoured to address the body's pressure points. Lastly, your therapist will enrich your experience with a customized massage with your choice of CBD or Arnica oil. Massage time fluctuates pending self-guided circuit; this service is paired with gender specific therapist as the Hammam rooms are located in the locker rooms.
